

A word cloud featuring various terms in different sizes and shades of gray. The words are arranged in a non-uniform, overlapping manner. The largest words are 'criminal', 'neighborhood', 'housing', 'health', 'violence', 'factors', 'associated', 'use', 'study', 'risk', 'crime', 'community', 'data', 'social', and 'among'. Smaller words include 'mental', 'drug', 'research', 'findings.', and 'using'. The overall composition suggests a focus on the intersection of social factors, criminal behavior, and public health.

social^{mental} criminal^{drug}
among neighborhood
data risk housing
